THE CONCEPT

The Milton Inn is a 281-year-old fieldstone house lauded as one of Maryland's historic treasures. Inspired by old French hunting lodges, the fully restored and reimagined country retreat is elegant comfort at its best.

Owned and operated by the award-winning Foreman Wolf group and led by chef and co-owner Chris Scanga, The Milton Inn boasts amazing food and an impeccable cellar. Scanga's celebrated French-influenced cuisine showcases ingredients from over two dozen of the Mid-Atlantic's finest farms and purveyors every season. The restaurant supports sustainable practices on all levels of food production from procurement, to production, and beyond.

PRIVATE EVENTS

The Milton Inn offers multiple spaces to host your private events—business dinners, cocktail parties, wedding receptions, rehearsal dinners, or just gathering together over great food and wine. Our spaces range from intimate to grand and each has its own unique and beautiful setting.

THE MAIN DINING ROOM

Our Main Dining Room glows with timeless touches of velvet, leather, and wood from the original historic building. A fabulous French parquet wood floor covers the entire room. *Seats up to 34. Located on the 1st floor.*

THE PARLOR

Our most private, yet possibly most pretty space, begins with a baseline of an original 1840s white pine floor that was discovered during its creation. A beautiful collection of white ceramics, warm brass accents, and beautiful original artwork create a notable peace to the space. *Seats up to 24. Located on the 1st floor.*

THE STABLE

The coziest, most intimate, and quite frankly, the most relaxed of the spaces, The Stable is ideal for intimate, casual gatherings. Featuring a plush tufted leather banquette, deep green walls, and original oil paintings make for an incredibly handsome room. *Seats up to 12. Located on the 1st floor.*

THE PATIO

A setting reminiscent of the French countryside, our gorgeous, state-of-the-art patio is surrounded by Milton Inn's beautiful gardens and features an outdoor stone fireplace and full outdoor heat control. Events for the patio are strictly weather permitting. *Seats up to 40.*

THE GARDEN ROOM

The most sunlit room on the entire property, The Garden Room is a vibrant space featuring a collection of lush live plants, garden and floral inspired artwork and artifacts. *Seats up to 24. Located on the 2nd floor.*

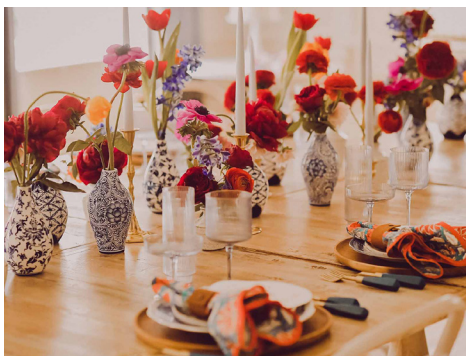

THE COZY ROOM

This deep, dark, alluring and intimate space featuring original wood flooring from the historic house. The Cozy Room is a deep green black jewel of a room featuring a beautiful antique woven tapestry, original paintings and brass accents. *Seats up to 16. Located on the 2nd floor.*

THE BAR & LOUNGE

The combined Bar & Lounge space at The Milton Inn is only available as part of a buyout of the restaurant or as a supporting cocktail reception space when rented out in addition to other rooms on the property. The Bar & Lounge are located adjacent to The Stable, The Hearth, The Main Dining Room and The Patio.

The full restaurant is available, up to 200 guests.

THE OFFICE

Originally built to be a personal workspace for owner, Tony Foreman, and transformed into an intimate wine room fit with an eclectic mix of wine souvenirs, antique artifacts, as well as modern art.
